RESOLUTION NO.

RESOLUTION DATED _____, 2006

RESOLUTION APPROVING THE EXTENSION OF ERIE COUNTY SEWER DISTRICT NO. 3 AND MAKING OTHER DETERMINATIONS IN CONNECTION THEREWITH

(Introduced) _____, 2006.

(Adopted) _____, 2006.

WHEREAS, pursuant to proceedings heretofore had and taken in accordance with the provisions of Article 5-A of the County Law, a report of the Erie County Sewer Agency dated May 3 , 2006 and a resolution of the Erie County Sewer District No. 3 Board of Managers dated June 14, 2006, an extension of Sewer District No. 3 of the County of Erie, New York has been proposed; and

WHEREAS, a map and plan have been duly prepared by the County Engineers (Erie County Department of Environment and Planning) relating to such extension of the Erie County Sewer District No. 3, which map and plan have been filed with the County Legislature pursuant to Section 254 of the County Law; and

WHEREAS, said map, plan, report and estimate of cost contains (i) a description of the proposed boundaries of the area which the Department in its judgment considers will be benefited by the Proposed Sewer District, (ii) a description of the areas of the Proposed Sewer District to permit definite and conclusive identification of all parcels of property included therein, (iii) the proposed location of facilities of the Proposed Sewer District, and (iv) estimates of the cost of construction, reconstruction, if any, or procurement and installation of facilities, all as more fully described in the map, plan, report and estimate of cost hereinbefore referred to; and

WHEREAS, there will be no additional capital costs incurred by or on behalf of the Erie County Sewer District No. 3 with respect to the extension of the boundaries of such District and the acquisition of the existing facilities, but future annual charges will be apportioned between real property in the District in accordance with their respective proportionate shares in accordance applicable flat charges, hook-up charges and charges based on units, assessed value and footage, specified in the District’s Benefit and User Charge formulas, as such formulas currently exist and as amended from time to time; and

WHEREAS, hook up fees are \$250 per home for a lateral inspections of individual connections to existing county-built sewers, \$250 per home for inspections associated with subdivisions or other privately built sewers and a \$2 permit fee at the time of connection, and new homes or businesses will be charged a one-time equity fee of \$1,100 for connecting to existing sewers; and

WHEREAS, pursuant to Section 258 of the County Law, as amended by Chapter 397 of the Laws of 1995, the consent of the State Comptroller is not required prior to the establishment of the extension of the District because the cost thereof to the Typical Property (as defined in the County Law) does not exceed the Average Estimated Cost to the Typical Properties for similar types of expenditures, as computed by the State Comptroller and such cost is \$276.00; and

WHEREAS, sid County Legislature duly adopted Resolution No. 198 on the 13th day of July, 2006, calling a meeting of the County Legislature for the purpose of holding a public hearing on the aforesaid extension of Erie County Sewer District No. 3 in accordance with the aforesaid map and plan, and

WHEREAS, the Erie County Sewer District No. 3 Board of Managers and the County Legislature have given due consideration to the impact that the extension of Erie County Sewer District No. 3 may have on the environment and on the basis of such consideration, have found that no substantial adverse environmental impact will be caused thereby; and

WHEREAS, the Erie County Sewer District No. 3 Board of Managers and the County Legislature have complied in every respect with all applicable federal, state and local laws and regulations regarding environmental matters including compliance with the New York State Environmental Quality Review Act, comprising Article 8 of the Environmental Conservation Law and, in connection therewith; and

WHEREAS, said public hearing was duly held at 92 Franklin Street, 4th Floor, Buffalo, New York, in said County, on the 3rd day of August, 2006, at 1:30 o’clock P.M., Prevailing Time; and

WHEREAS, notice of said public hearing was duly published in the manner provided by law and proof thereof was submitted to said County Legislature; and

WHEREAS, said County Legislature has duly considered the evidence given at such public hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF ERIE, NEW YORK, AS FOLLOWS:

Section 1. Upon the evidence given at the public hearing held on August 3, 2006, and after due consideration of the map and plan, and other recommendations and other data, if any, heretofore provided to the County Legislature, it is hereby found and determined that:

- (a) the proposed extension is satisfactory, sufficient, adequate and appropriate;
- (b) all the property and property owners within the proposed extension are benefited thereby;
- (c) all the property and property owners benefited are included within the limits of the proposed extension;
- (d) it is in the public interest to extend said Erie County Sewer District No. 3.

2b. COMM. 28E-15 (2005)
COUNTY EXECUTIVE
RESOLUTION NO. ____

RESOLUTION DATED ____, 2006

RESOLUTION APPROVING (I) THE EXTENSION OF ERIE COUNTY SEWER DISTRICT NO. 4 AND (II) THE CONSOLIDATION OF ERIE COUNTY SEWER DISTRICT NO. 4, AND MAKING OTHER DETERMINATIONS IN CONNECTION THEREWITH

(Introduced) ____, 2006
(Adopted) ____, 2006

WHEREAS, pursuant to proceedings heretofore had and taken in accordance with the provisions of Article 5-A of the County Law, including approving orders of the State Comptroller, County Sewer District No. 4 of the County of Erie, New York, has heretofore been established and created on February 21, 1961 (the “Original District”) to provide sewer services to the Town of Lancaster, and

WHEREAS, in 1983, the Original District was extended to include the Village of Depew; and

WHEREAS, in 2002 an extension to the Original District known as the Walden Corridor Extension was formed to provide sewer service to the Lancaster Sewer District Nos. 6, 7, and 8 along with the area bounded by the centerline of Peppermint Road, the north border of the adjacent CSX railroad property, the previous eastern boundary of the Original District and the centerline of Townline Road; and

WHEREAS, pursuant to proceedings heretofore had and taken in accordance with the provisions of Article 5-A of the County Law, a report of the Erie County Sewer Agency dated May 8, 2006 and a

resolution of the Erie County Sewer District No. 4 Board of Managers dated June 21, 2006, an extension to the District has been proposed; and

WHEREAS, a map and plan have been duly prepared by the County Engineers (Erie County Department of Environment and Planning) relating to such extension of the District, which map and plan have been filed with the County Legislature pursuant to Section 254 of the County Law; and

WHEREAS, said map, plan, report and estimate of cost contains (i) a description of the proposed boundaries of the area which the Department in its judgment considers will be benefited by the Proposed Sewer District, (ii) a description of the areas of the Proposed Sewer District to permit definite and conclusive identification of all parcels of property included therein, (iii) the proposed location of facilities of the Proposed Sewer District, and (iv) estimates of the cost of construction, reconstruction, if any, or procurement and installation of facilities, all as more fully described in the map, plan, report and estimate of cost hereinbefore referred to; and

WHEREAS, there will be no additional capital costs incurred by or on behalf of the Erie County Sewer District No. 4 with respect to the extension of the boundaries of such District and the acquisition of the existing facilities, but future annual charges will be apportioned between real property in the District in accordance with their respective proportionate shares in accordance applicable flat charges, hook-up charges and charges based on units, assessed value and footage, specified in the District's Benefit and User Charge formulas, as such formulas currently exist and as amended from time to time; and

WHEREAS, hook up fees are \$250 per home for a lateral inspections of individual connections to existing county-built sewers, \$250 per home for inspections associated with subdivisions or other privately built sewers and a \$2 permit fee at the time of connection, and new homes or businesses will be charged a one-time equity fee of \$1,100 for connecting to existing sewers; and

WHEREAS, pursuant to Section 258 of the County Law, as amended by Chapter 397 of the Laws of 1995, the consent of the State Comptroller is not required prior to the establishment of the extension of the District because the cost thereof to the Typical Property (as defined in the County Law) does not exceed the Average Estimated Cost to the Typical Properties for similar types of expenditures, as computed by the State Comptroller and such cost is \$302.32; and

WHEREAS, pursuant to proceedings heretofore had and taken a report of the Erie County Sewer Agency dated May 8, 2006, a resolution of the Erie County Sewer District No. 4 Board of Managers dated June 21, 2006, and pursuant to Section 274-b of the County Law, a consolidation of the District has been proposed; and

WHEREAS, said County Legislature duly adopted Resolution No. 199 on the 13th day of July, 2006, calling a meeting of the County Legislature for the purpose of holding a public hearing on (i) the

aforesaid extension of Erie County Sewer District No. 4 in accordance with the aforesaid map and plan dated May 8, 2006, and (ii) the consolidation of Erie County Sewer District No. 4 in accordance with the aforesaid map and plan dated May 8, 2006, and

WHEREAS, the Erie County Sewer District No. 4 Board of Managers and the County Legislature have given due consideration to the impact that the extension and consolidation of Erie County Sewer District No. 4 may have on the environment and on the basis of such consideration, have found that no substantial adverse environmental impact will be caused thereby; and

WHEREAS, the Erie County Sewer District No. 4 Board of Managers and the County Legislature have complied in every respect with all applicable federal, state and local laws and regulations regarding environmental matters including compliance with the New York State Environmental Quality Review Act, comprising Article 8 of the Environmental Conservation Law and, in connection therewith; and

WHEREAS, said public hearing was duly held at 92 Franklin Street, 4th Floor, Buffalo, New York, in said County, on the 3rd day of August, 2006, at 1:30 o'clock P.M., Prevailing Time; and

WHEREAS, notice of said public hearing was duly published in the manner provided by law and proof thereof was submitted to said County Legislature; and

WHEREAS, said County Legislature has duly considered the evidence given at such public hearing.

NOW, THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF ERIE, NEW YORK, AS FOLLOWS:

Section 1. WITH RESPECT TO THE EXTENSION OF THE DISTRICT, and upon the evidence given at the public hearing held on August 3, 2006, and after due consideration of the map and plan, and other recommendations and other data, if any, heretofore provided to the County Legislature, it is hereby found and determined that:

- (a) the proposed extension is satisfactory, sufficient, adequate and appropriate;
- (b) all the property and property owners within the proposed extension are benefited thereby;
- (c) all the property and property owners benefited are included within the limits of the proposed extension;
- (d) it is in the public interest to extend said Erie County Sewer District No. 4.

Section 2. The extension of Erie County Sewer District No. 4 is hereby approved and shall comprise an area described as follows:

3. INTRO 13-3 (2006)
LOUGHRAN, MARINELLI, IANNELLO, WHYTE, KOZUB, KENNEDY, LOCKLEAR, KONST & MILLS
WHEREAS, On June 22, 2006, David Crane, President and Chief Executive Officer of NRG Energy, Inc. announced plans for a \$1.5 billion upgrade of the power plant located on the east shore of the Niagara River, off River Road, in the Town of Tonawanda, which aims to double generating output, secure and create good-paying jobs, and result in a much more clean and environmentally responsible operation; and

WHEREAS, The CR Huntley Station has a long history on its 120-acre site in Tonawanda, with some of its structures dating back to 1916 when "River Station" first began commercial service, and at one time was the largest coal-fired plant in the world during World War II; and

WHEREAS, The investment in CR Huntley will not only lead to a more cleaner-running and environmentally-friendly power plant, it also means a brighter and more secure future for the 131 people

currently employed there, the creation of about 100 new positions, and also the creation of more than 1,000 construction jobs; and

WHEREAS, The upgrade includes the installation of modern emission control equipment on two CR Huntley units that have been problematic in controlling harmful pollutants, and will result in dramatic reductions in sulfur dioxide, nitrogen oxide, and mercury emissions, according to NRG officials; and

WHEREAS, A new power plant will also be constructed on the CR Huntley site, utilizing “Integrated Gasification Combined Cycle” (IGCC), a technology used to convert coal into combustible gas, with the resulting byproducts cleaned and resold for other industrial and construction uses; and

WHEREAS, When the new IGCC plant comes on line in 2012, combined with the existing two upgraded coal-fueled units, generating capacity will nearly double, from 552 megawatts today to 1,010 megawatts; and

WHEREAS, Moreover, adding to the positive local job outlook and environmental benefits, the new vision for the CR Huntley Station will mean more stable electricity prices, and perhaps a reduction, for Western New York residents, according to NRG Executive Vice President Curt Morgan, who said that with more “baseload generation” in New York State, the added megawatts will help to reduce the volatility in electric bills that have affected local consumers in recent years.

NOW, THEREFORE, BE IT

RESOLVED, That the Erie County Legislature does hereby go on record in saluting NRG Energy Inc. upon the good news of a proposed \$1.5 billion upgrade to the CR Huntley Generating Station located in the Town of Tonawanda; and be it further

RESOLVED, That this Legislature notes that the modernization of CR Huntley has long been a goal of environmentalists who are understandably concerned about emissions generated by the plant, the harmful effects of these greenhouse gasses, and their link to global warming; and be it further

RESOLVED, That this Legislature respectfully requests that NRG consider linking this proposed upgrade with the Erie County Workforce Investment Board for possible job training/retraining initiatives, Erie Community College for educational and/or job training collaborations, and the Erie County Industrial Development Agency for incentives to move this noteworthy project forward; and be it further

RESOLVED, That this Legislature respectfully requests that NRG seeks to optimize local economic development by maximizing the construction employment opportunities through an exemplary local construction trades workforce as well as economic development opportunities through local marketing of IGCC by-products; and be it further

RESOLVED, That this Legislature is strongly encouraged by the leadership of State and Federal officials, as well as members of Local #97 International Brotherhood of Electrical Workers Union, in coming together to advance this initiative; and be it further

RESOLVED, That this Legislature urges support for proposed federal tax credits from the Department of Energy, Empire Zone and other New York State incentives, as well as the selection of the upgraded plant by New York State as a designated clean coal power plant, further financially ensuring its viability; and be it further

RESOLVED, That certified copies of this resolution be forwarded to NRG Energy Inc., New York Governor George A. Pataki, the Western New York delegations to Congress and the New York State Legislature, the United States Department of Energy, and Erie County Executive Joel A. Giambra. (4-0)
